Nathan:

Just wanted to drop you a quick note and let you know that I am so pleased with the work that Mono did on our Seattle store.

I got my first chance to get up there after the work had been done and I would have sworn that I was on a different building. This building was constructed in three different phases and with the work that was done it no longer looks like it.

I appreciate the service and the advice that I have gotten from you over the years and look forward to many more.

Best Wishes
